

A Thank You from the Fire Department

Posted on: 2014-02-25

On behalf of the Eagan Fire Department I want to thank the Lexington Square neighborhood for their outstanding help by keeping your fire hydrants clear of snow. It's a challenge every winter for the fire department to encourage citizens to adopt the fire hydrant closest to their home to keep clear of snow. With close to 5,000 fire hydrants in the community it's simply not possible to have city staff do this function.

This winter with the extreme cold and lots of snow has been particularly challenging. A fire doubles in size every minute. If our crews have to take the time to first locate a fire hydrant and then spend valuable time digging the fire hydrants out, this can make a huge difference in the outcome of the fire. So thank you very much for helping us help you!

Mike Scott
